VALDORET

IGP PAYS D'OC / LE CELLIER DU PIC

In the upper garrigue, twenty kilometres north of Montpellier, a highly characteristic silhouette stands out. The bold profile of the Pic Saint-Loup exudes an almost mystical atmosphere. From its height, it overlooks the plains and hillsides, at the foot of which traditional villages lie, between pine forests and garrigue scrubland.

The Pic Saint-Loup terroir is the northernmost of the Languedoc terroirs. The blend of Mediterranean and continental climates provides its original character. Late summer differences in daytime and night-time temperatures favour the finesse and character of this wine. This diversity gives rise to an exceptional terroir for wines with a strong personality.

GEOGRAPHY
Montpellier, in the Languedoc-Roussillon.

CLIMATE
Mediterranean, warm and dry.

SOIL
Calcareous clay with a heavy gravel load.

CINSAULT
ROSÉ

TASTING NOTES
Pale pink colour with delicate salmon reflections. Fresh and expressive on the nose, revealing crunchy red berry aromas with delicate floral notes. Smooth and refreshing on the palate, with fresh fruit flavours and a lively, elegant finish.

FOOD/WINE PAIRING
Perfect as an aperitif or paired with tartares, poke bowls and lightly spiced cuisine.

TEMPERATURE
10-12°C.
